**Subject:** Former Amphenol - Draft Ambient Air Investigation Summary Report

Carolyn

Please find attached the Draft Ambient Air Investigation Summary Report. This report is only a draft version and thus should not be considered the final version of this report. Due to the size of the Level IV package supplied by the laboratory, I did not include all of the Level IV backup as part of this submittal. It will be included in the final report though and please let me know if you need me to send it to you in the interim.

Please contact me with questions or if you need anything else.

Sincerely,

Bradley E. Gentry, LPG
